Dear Colleagues

Here we are again. Green Festival time &, as I seem to say every year, we are a little behind schedule. I have had a mixed feed-back from stall-holders & the general public over last year's enforced move to the new location on the Embankment, however the Council have given us no choice in the matter & we will be on the same site for this year. Naturally in the light of last year's event we have learned some lessons & will be applying them with beneficial effect to the 2000 Green Festival.

So please fill in your stall application form with your usual care & accuracy, read the notes over the page, stick up the posters we will be including with this mailing if we can get them printed in time, & lets hope for good weather & a good turn-out. See you on the day.

JOIN NOTTINGHAM CAMPAIGN FOR NUCLEAR DISARMAMENT NOW

NCND Campaigns against nuclear weapons and all other weapons of mass destruction. We are working to make more people in Nottingham aware of the issues involved in the nuclear "defence" arguments. Ultimately, we believe Britain should decide, independently, to get rid of all nuclear weapons on its soil.

We are part of National CND but, in day to day campaigning, we make all our decisions locally here in Nottingham. NCND is made up of Neighbourhood groups in many different parts of the city and a central office at Queens Chambers, King Street (above Finley's in the Market Square).

By joining us you will help fund our Public Information Campaign which has started to take our arguments for nuclear disarmament into the local community in a new way. And through our monthly bulletin you will find out about forthcoming activities.

If you decide to become more involved, there are many ways to do so.

Welcom TO NOTTINGHAM'S GIR PEACE FESTIVAL

"So What's a peace festival?", you may be asking, - "this looks rather like any other festival held in the city - stalls, music and kids games." Take a closer look and you will see that many of the stalls are run by people from local community groups, that there is an exhibitions tent with videos and lots of different displays, that the kids festival is full of non-competitive games and activities. The artists on the small stage and the bands on the main stage are performing for free. All of these events are linked by their concern for peace. Peace between people, between countries, living in harmony with our environment, and with animals, concern with the plight of people living in the third world and the effects of the arms race. This years festival is bigger and better than the last ones. It is part of our celebration of International Year of Peace. Its a chance to show that there is another way of living than the vicious circle of violence that we see everyday. We can live together without exploiting people, animals and the worlds resources.

So enjoy yourselves, have a good look round, support the stalls, listen to the

music and join in the festivities.

BRUCE KENT'S Long March

500 miles FASLANE - BURGHFIELD

Between June 30 and August 6 (Hiroshima Day) Monsignor Bruce Kent will be walking 500 miles from Faslane Nuclear Submarine Base to the nuclear warheads factory at Burghfield. He will be following the route along which secret convoys of nuclear weapons are regularly driven. This route passes through Nottinghamshire. His main reason for undertaking the March is "to make clear the connection between the disgusting waste of money on weapons of war in the world, and the poverty and suffering of millions of our fellow beings". Money raised through sponsorship will go to to CND and to War on Want to fund development projects in Nicaragua (where people are being killed by American weapons) and Eritrea (where people are being killed by Soviet weapons).

In NOTTINGHAM, several events are planned to mark Bruce's arrival:

JULY 21 and 22

a fast outside St Peter's Church (by Marks and Spencer) 8am to 6pm.

JULY 22

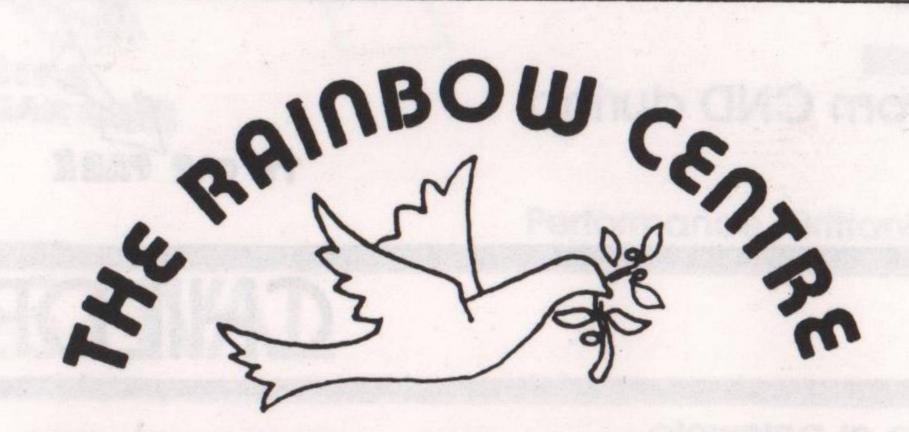

Public meeting with Bruce Kent plus entertainment 7.30pm

Congregational Hall, Castle Gate.

JULY 23

a Peace service with Bruce Kent at St Peter's 7.30am.
Bruce will then be resuming his march from Ranby south to

Carlton on Trent and welcomes company.

NOTTINGHAM AND DISTRICT MENTAL HEALTH ASSOCIATION

Nottingham MIND is your local pressure group working on behalf of people who have mental health problems. MIND is independent of both the Health Authority and Social Services so you can turn to us in confidence if you want help with any aspect of your experience as a 'patient'. There are a number of ways in which MIND may be able to help you:

Drop-in-Centre - The MIND Resource Centre at 114 Mansfield Road welcomes people who just like to 'drop in' for a chat and some coffee.

Support Groups - There are a number of social clubs and support groups for people who have been or still are, patients. These are informal and usually run by the group members themselves.

Advice and Information - The MIND Resource Centre has a number of books and leaflets about mental health issues which you are welcome to use. There are also people at MIND who can help you with particular difficulties or complaints you may have about your treatment, legal rights or other issues.

Counselling - In some cases we are able to offer individual counselling for a short period.

Accommodation - MIND runs a hostel/bedsitters for ten people and also five group homes.

Campaigning - MIND has an important role in pressing for better services for you both when you are in hospital and when you leave. If there are things you would like to see improved or changed, let us know and we will try to help.
