NOTTINGHAM

# WELCOME

We hope you enjoy this ninth Nottingham Peace Festival.

There are many stalls from all over the Midlands. Food and refreshments are available. Childrens' entertainments include those from Leicester and Exeter. There is a full programme of music and other performance both on and off stage. Exhibitions in the marquee come from Environmental organisations, organised by Nottingham Friends of the Earth.

Today is a chance to show the real meaning of peace ... partnership, not hostility, is the way to progress.

The Festival has always been organised entirely by the voluntary effort of small teams, whose members have other jobs. If you enjoy your day here, don't forget that you could help put on next year's event - the extent of your involvement is up to you. Tight budgets mean most facilities and services are not hired but borrowed from sympathetic individuals, companies and groups. Anyone who helps, even in the smallest way, is making a worthwhile contribution. Thanks again to every helper in this year's Festival.

Stage performers in order of appearance:

ELECTRIC SHEEP	Local rock group
INCOGNITO	Cult Synthesiser music
RITA	Singer-Songwriter

DALE HODGKINSON	Classical Guitar
BRONWEN & KELVIN	Political Songs

CLARION CHOIR	Songs of Struggle & Inspiration

In addition, KATHY TOY, Accordion Busker  
EVELYN SILVER, Performance Artist  
and the TOUCH & GO Co. will perform around the  
Festival Site.
