BOOKS IN STOCK APRIL 1989

FREEDOM PRESS has been for the past 100 years publishers and distributors of the alternative social and political press. As well as *Freedom* monthly (founded 1886) and the new quarterly journal *The Raven* (1987), Freedom Press are publishers of more than thirty titles dealing not only with the philosophy of anarchism but with its practical application to the problems of modern society. Such titles as *Questioning Technology* by eminent American writers, *The Future of Technics and Civilization* by Lewis Mumford and *Anarchy in Action* by Colin Ward, address the problems of today and tomorrow.

Freedom Press Distributors are the European distributors of Black Rose Books of Montreal — publishers of authors such as Murray Bookchin and Noam Chomsky and a wide range of titles on sociological and political themes. Freedom Press Distributors are also distributors of the Charles H. Kerr Publishing Company of Chicago — the oldest independent labour publisher in the USA and founded, like Freedom Press, in 1886, publishers of the noted *Haymarket Scrapbook* and works supporting a libertarian and non-bureaucratic socialism. Freedom Press Distributors also distribute the titles of a number of small presses including Michael E. Coughlin of Minnesota, See Sharp Press of San Francisco, Elephant Editions, Hooligan Press and Rebel Press.
