OUT

DEMONS

OUT!

WITNESS THE LEVITATION OF PARLIAMENT!

SUNDAY 23rd OCTOBER 94

**POINT OF ASSEMBLY :
JUBILEE GARDENS 2PM**

DESIGN - PETE POLANYK / STEROID ABUSE 94

OUT DEMONS OUT! OUT DEMONS OUT! OUT DEMONS OUT!

The political parties in this country have been taking the piss out of us all - but now the joke's on them. On Sunday the 23rd of October the Houses of Parliament will be levitated 500 feet up into the polluted air of the capital. Come and watch or better still, come and join in!

This action will be a symbolic magical ritual the like of which has never been seen in this country. Tell everyone you know and let's turn it into one big party - a celebration of all the things that the powers that be want brushed under the carpet and hammered flat.

But will it actually be more than "just" a party? Can the levitation really be achieved? Is there any intention beyond the media hype? Well we think so, how about you? Remember, by fusing our dreams with reality we can achieve anything. Come and help prove it.....

Be warned: The enemies of enlightenment are always vigilant. However, throughout history Chaos has triumphed again and again. Their flaccid notion of 'reality' cannot withstand an energetic, joyful orgy of disorder. Chaos cannot be explained, it can only be experienced.

There will be no leaders or organisers. Beware of those structure freaks. Don't let anyone lead you - be yourself.

Bring: Drums, whistles, magic, food to share, fancy dress (optional)
