SWANSEA'S ELITE EXPOSED!

APRIL 1990
5p.

POLL TAX? --- JUST SAY NO!

On April Fools Day the Bills for the Tories' sickest joke in years started to land on the mat. They reckon that most people have registered, but we hope that thousands won't pay. Here in Swansea we have the highest Poll Tax in South Wales, people are showing their hatred of the by continually knocking the sign off Margaret Thatcher House, the local Poll Tax office. They've had to move the sign up to high to reach to stop people from doing this!

In the Lliw Valley the Poll Tax forms have got faulty Welsh Translation and so people are being urged to send theirs back. On April 1st Poll Tax Bills were burnt in Port Talbot and on the 3rd Swansea did the same.

The Four "rebel" councillors

who pledged to "go to prison rather than pay the Poll Tax" have (surprise, surprise) registered for it. They moaned that they would have to pay it eventually and didn't want to risk a £50 fine for failing to register. What a cop out!, well not really when you know they were involved in setting Swanses' Rate in the first place.

Swansea's self appointed leader of the Anti-Poll Tax movement, Cath Harding, has been ordered by the Labour Party's National Executive Committee to stand down as Castle Ward's Labour Candidate because she supports the Militant "Tapeworm" tendency. The local Labour Party haven't got time to elect another Candidate!

IN CASTLE WARD THE ONLY CANDIDATE ADVOCAT-

ING NON-PAYMENT TO SMASH THE POLL TAX IS THE LIBERAL CANDIDATE BOB TAYLOR. SO MUCH FOR JOINING LABOUR TO FIGHT THE POLL TAX. WHO WILL MILITANT VOTE FOR?

Cath Harding and her Militant Mates organise anti-poll tax meetings which they claim are "non-political". How come then, Cath, you advocate voting Labour on the platform at your meetings, and there are Militant Anti-poll tax posters and your mates brandishing copies of "Militant" to flog after the meeting.

We don't need people like Militant Tendency taking over the Anti-Poll Tax campaign as a recruiting issue. Mass Non-payment will defeat the poll-tax and our power lies in our communities and on our streets, not in the Labour Party or their lefty sidekicks.

HUMPTY DUMPTY EGGHEADS!

We all know University Professors have their heads in the clouds but we didn't realise they were silver-lined.

...

Firstly there is D.Z. Philips, Swansea's own answer to Richard Branson, with a finger in so many pies they call him the "octopus". Now he is joined by "Kidney" Evans, head of medical Philosophy. Fanatical lay Preacher HE uses Philosophy to justify organ transplants from Poverty stricken Turkish Peasants to posh Harley Street private patients. What a Christian Fellow!

When he's not justifying any crime under the sun for massive sums of money he's a rabid disciplinarian. Both as a J.P. and on the board of Governors at the prison, he was personally responsible for the over the top penalties dished out after the "minder" riot (sparked off by someone turning off "minder" halfway through the programme), at Swansea Prison a few years ago.

The operation we'd like to see is a kidney extraction from these "philosophers" without anaesthetic. No amount of Philosophy can justify their money grabbing ways.

SUCCESS INSURED.

Clive "hopeless" Howells the Chief executive officer of Lliw Valley Borough Council has recently had his license back after a drink and drive ban. He drives a high powered porchse. No doubt his insurance must be astronomical, we suggest he should look up the council's fleet insurers for a 'discount' - perhaps he already has!

SPEECHLESS.

Did you see West Glamorgan County Council Deputy Leader Tom Jones (Labour) on BBC Wales TV recently with Vincent Kane? He was spluttering and totally speechless. What an arsehole! We all knew the county council was riddled with idle shites, but Tome Jones takes the biscuit. But he's not so speechless when he sits as a "send-em-down" magistrate.

The Window Cleaner, The Sex Slave & Paul.

Do you remember the sex slave trial of a girl forced in to bondage and enslaved prostitution at Bonymaen by a Yorkshire window cleaner. Most of the men involved in the seedy sex racket were named, except for one who was just referred to as "Paul, a local business man".

Well that was Paul "VD" Valerio, we hope the infection's better and the swelling's gone down Paul.

WELSH PRESS BARONS.

The "South Wales Evening Post" Editor Nick Carter is a man on an ego trip who likes to see his mug in his own papers. He thinks he is God's gift to women and is filling all journalist vacancies with non-union women reporters. N.U.J. Membership is down to a very small number at Adelaide Street. At least Carter is only a jumped up posing jerk, unlike the raving lunatic fascist Humphries who now edits "The Western Mail". Recently the mail's local reporters wrote to the

managing director of Thomson Regional Papers complaining about Humphries. They were literally frog marched into Humphries' office, one at a time, and were forced to write personal retractions, then threatened with dismissal and their workloads doubled. As for "Wales On Sunday" it is a load of puke run by trendy wine bar Southern English yuppies! It is not welsh at all and deserves to fold. The only choice for the discerning reader must be "Class War".

RAVING RUSH!

- COUNTY CLERK & COMPANY.

It's not just the "Western Mail" that's run by a raving lunatic, West Glamorgan County Council - councillors and officials - Labour creeps and Tory opposition are scared shitless of Michael Rush. Rush rules county hall like a demon spider in a web. He is violently abusive to his staff and makes cock ups galore.

Michael Rush - Demon Spider!

Scandalous former Assistant Director of Education, Graham Bingham, went Bonk-mad just before he departed from office. Word has it he was trying to get off with everything that moved in County Hall. He even got a black eye from an irate husband and a cup of tea poured over him by a jilted lover. Now he has fled to Reading.

GYPSY ROS

ROS Harris is not Rose. She is the racist who won her Independent (Tory) seat on West Glamorgan County Council on an anti-gypsy ticket. Her solicitor husband Edward is trying to get people to part with money to pay big legal fees to fight proposals for a gypsy site near his estate. If ROS is so public spirited why can't she get hubby to do the legal work free for Llanyfelach Folk?

NEATH RIVER BARRAGE?

Rumours are afoot for proposals to barrage the river NEATH for a so called Marina. Having cleared the Saltings of working class people from their council flats in a displacement programme, it means that if the tidal floods can be prevented then hundreds of

acres of salt marsh could be developed.

A whole new Yuppie Paradise could grow up alongside the M4. It would be a developers dream, bulldozing the working class out of their communities. Let's sink this scheme now.

NICE ONE HARRY!

The other day poor old Labour Councillor Harry Gab Thomas failed to fiddle a queue jump for his sister in law to have a home improvement grant, legislation changed to means testing for grants. Nice try Harry, nothing like keeping it in the family.

OBITUARY.

LORD HEYCOCK is dead...

"His Family was the rock on which he built everything. His family asked for nothing - they were the ones who always gave"

Sob Sob Sob, Tears of hysterical laughter. Even the Daily Telegraph reported his death with scathing reference to Heycock's blatant nepotism. With heycock it was jobs, jobs and more jobs for his boys. We say farewell to Lord Heycock and good riddance - rot in hell you rotten corrupt old sod.

Lord Heycock.

THE BATTLE OF THE BOOZERS CONTINUES!

Pub No.2 : THE TREDEGAR

Reynolds Street, Sanfields, Swansea.

From the outside "The Tredegar" looks like just a terraced house with a pub sign on it. Inside though it's bigger than you think. It's often a bit quiet but it's made up for by a few coming to see the fairly frequent live entertainment. The public bar has a darts board and there's a pool room. The lounge bar is the most popular and the biggest room. It is a friendly enough place and makes a good place for a quiet drink with a varied local crowd.

DRINKS: Simmonds Bitter, Newquay Steam, Fosters, Courage Best, Buckley's Dark, Guinness, Scrumpy Jack, Symonds Cider.

ADVANTAGES: Pool, Darts, Jukebox, Live Music, TV.

DISADVANTAGES: Pool Table Warped, Cold In Winter.

STAR VALUE: ***

GOOD GOD & THE POLL TAX.

We at Alarm have been quick to take advantage of one loop hole in the Poll Tax Law: monks and nuns, and religious cults who "renounce private property" don't have to pay the poll tax. The Moonies won't have to pay even though they use the same council services as every body else.

To save you having to join these weirdos we have set up own cult in Swansea, "CULT 45"

Richard Lewis
-
THE BEAST MUST DIE!

1. We renounce all private property, especially the Rich's!

2. *We worship the Pale Green Light that sometimes shines on top of the Guildhall.*

3. The tavern is the true house of God.

4. *"Laughing" Lorna Aldron is the Pale Green Light's chosen representative on Earth as she spreads amusement wherever she goes.*

5. Guess who the Devil is? Richard "The Beast" Lewis!

If you agree with our five point plan then send us a letter and enclose all your worldly possessions, cheques made out to "Alarm Drink Fund", thank you.

ALARMING!
