But in England it's not all bread and roses. Fascism isn't something that happens just in other countries. And so the fight turns against the world famous British Justice - a corrupt police force and the obscure ritual played out in the Courts by the university old-boy network toying with the lives of defendants. (The judge makes money, the lawyers make money whoever wins the case.)

EVIL CONSPIRATORS?

These eight people are up for trial in June. According to your friendly police force, they are the Angry Brigade.

Remember Jake Prescott and Ian Purdie? They were tried last year for the same set of bombings as the Eight are accused of. In spite of the incompetence of the defence lawyers and the bias of the judge, the jury were not entirely duped and found Ian not guilty and Jake not guilty of actual bombings. They did find Jake guilty of conspiracy to bomb, and for this the judge made up for the jury's sense of justice by sending Jake down for 15 years.

Six of the Eight were busted last August and the other two late last year. All but three are still in the nick: 10 months in prison without trial. Three have been granted bail, exiled from London and put under house arrest.

The most exploitative area of the "consumer society" also comes under attack - that which sells WOMEN, which insults women both in the eyes of others and in their own eyes, and makes a profit from it.

BBC TV VAN, ALBERT HALL November 1970 BOMBED

WE KNOW THAT EVERY MOMENT OF BADLY PAID BOREDOM ON A PRODUCTION LINE IS A

VIOLENT CRIME

IF WE GOT RID OF THIS JURY NONSENSE THEN I COULD REALLY GET DOWN TO BUSINESS

YOU STAND ACCUSED OF BEING MEMBERS OF THE ANGRY BRIGADE AND/OR FAILING TO POSSESS A T.V. LICENCE.

Quite a number of bomb attacks. For them, the Stoke Newington Eight face massive prison sentences if found guilty.

Bombing? It's against the law isn't it? Policemen in Leeds get 3 years for killing a man, David Oluwale. Jake Prescott gets 15 years for writing three envelopes used to send Angry Brigade communiques. The Stoke Newington Eight stand to get even longer.

What sort of law is that?

The bombs threatened those in power - the profit-makers, the law-makers, the law-enforcers. The police murder of David Oluwale merely threatened us, the people. So it didn't much matter.

That's what sort of law it is -

THEIR LAW, AGAINST US
