

PEACE NEWS BULLETIN

Information for Pacifist Groups, Peace News distributors and all concerned to promote pacifism.

3, BLACKSTOCK ROAD,
LONDON, N.4.

20th April, 1949.

Dear Friend,

MAY DAY

This week's PEACE NEWS is the first issue under the Editorship of Bernard Boothroyd. Easter holidays and economy needs restrict it to four pages, but next week we plan a special (6 page) MAY DAY NUMBER.

We are very fortunate in that Bernard Boothroyd is pre-eminently a popular journalist. He won't be satisfied until we've gained a large new readership outside the present pacifist movement. This is where we again depend on you who work so loyally for the paper.

There will be May Day meetings up and down the country - your great opportunity to get across a message to the people who earnestly seek peace but reject the Communist approach.

Once again all extra copies will be at 1/6 a dozen, post free, and plenty of posters and leaflets for free distribution are available. Let us have your orders by next Wednesday morning without fail. Give Bernard Boothroyd a generous send off in his work by making it known as widely as you can.

HOUSEMAIS BOOKSHOP

in Shaftesbury Avenue closes at the end of this month, but the usual service will be continued from this office. Please let us have all your orders for books and literature, but give full titles, authors' and publishers' names and price. Bookstalls, on 'sale or return', will gladly be sent for Secretary's use and for group and public meetings.

"REBUILDING BRITAIN" by Wilfred Wellock - 1/-

- specially commended in a recent Peace News - is available to all groups and distributors at 10/- dozen. Specimens were sent to some groups last week. Please read and recommend.

"THE RIGHT THING TO DO" by Dr. Alex Comfort - 2d

is published next week in the Peace News Pamphlet series. It reprints a Broadcast Talk - supplemented by "The Wrong Thing To Do" - his speech at the recent PPU Central Hall Meeting. Dr. Comfort's last pamphlet for us was a great success and we have no doubt this one will be as widely read. Heinz Kraschutzki's "EAST AND WEST" (published last month) is most valuable in the present situation; supplies may still be had at 1/8 dozen. LITERATURE LISTS are now available free, may we send you a few?
