*Dear Pinchers of Salt,*

Welcome to the latest and last. Many readers have asked me to recommend a "Pinch" substitute to ease the withdrawal process. Well, enclosed is one suggestion. Not that it's a real substitute for "Pinch", but it's one of the best radical grassroots magazines available in Britain and deserves widespread support.

If it grabs you, fill in the subscription form; pass it on to a friend; recycle it; read it (not necessarily in that order).

*Love and peace,*
