WE have caught glimpses of an English heritage far removed from, indeed in opposition to, that royal POMP and those parliamentary LIES which pass for HISstory.

WE RANT: decry, protest, condemn, expose, shout out, shout down the manifold INJUSTICES of this present state of DISORDER which oppresses the common people the WORLD OVER

WE LEVEL: raze, reclaim, appropriate, redistribute, take back the COMMON WEALTH to SHARE it with common people, not rich PARASITES, the WORLD AROUND.

WE DIG: plough, sow, reap, cultivate and create

A NEW ORDER ~ the present WORLD TURNED  
UPSIDE DOWN

Amen
